

## ACH Origination\*

Automated Clearing House (ACH) Origination increases efficiency and allows you to easily handle transaction volumes. Your business can replace slow, error-prone manual processes with automated processing and online access to our real-time system to pay vendors, fund payroll, or pull funds from customer accounts for payment or donations.

## Business Bill Pay\*

Streamline your business bill management with Business Bill Pay. This online service gives you more control over organizing, scheduling, paying, and even receiving your bills from one convenient location.

## Wire Transfers\*

A simple, secure, and efficient way to complete Wire Transfers with increased efficiency and security. Initiate and manage domestic and international wires from your Business Online Banking account.

# ► Payables Services
